

Esin Mete, from Toros Tarim society, elected the president of the IFA

 Dili Seçin ▼

Esin Mete is the Vice President of food Industry Group Tekfen Holding and Chairman of the Board of Directors of Toros Tarim, which located in the southeast of Turkey. This is one of the companies of Holding Tekfen that deals with natural and chemical fertilizers and occupies an important place in this sector in Turkey.

The International Association of Fertilizer Industry brings together 540 members from 85 countries and represents the enterprises of the whole chain of fertilizers, raw materials to finished products, as well as organizations of research and education. This sector produces 170 million tons of fertilizers and is particularly important for sustainable agricultural production and food security.
